Files are comprised of program documentation, grant fiscal records, and grant overall administrative records.

Proposals for new degree programs for existing institutions. Consists of the proposal, analysis, notes, and decision. Used as reference for future proposals. The Information Coordinator for the Commission for Higher Education stated in an August 26, 1997 memorandum that these records are necessary for the Commission on Higher Education to fully review all requests for new programs. Dr. Alan January of the Indiana Archives believes at least a sample of these records is needed to document the history of the Indiana Commission for Higher Education.

This report is generated biennially by an institution and serves as a basis for subsequent university budget requests. These printouts should be produced on some type of microform at a later date. This record series also includes instructions in the use of the printout. 

Approved by the Indiana Oversight Committee on Public Records
